The finance program at Georgia Southern University offers a four-year bachelor’s degree designed to provide students with a variety of concepts and techniques that can be applied in all financial situations, as well as specialized study in particular fields.

**BBA in Finance**

The BBA in finance offers courses in various fields within the finance discipline, including real estate, insurance, banking and regional financial planning. In addition, the program offers coursework in the traditional areas of investment, financial institutions and international finance. The broad array of courses allows each student to design a program of study that suits his or her career plans.
