

Mentorship Program

Program Objective

The Mentor Program is designed to bridge the gap between SIA's current members and its ever-growing alumni base by matching participating members with an alumnus based on the member's ambitions, alumni's experience, and shared interests.

Participation

Mentors will be assigned to participating members upon the start of the member's second semester with the Association. Members are welcome to discuss their mentor preferences with SIA's faculty advisor. Participation is not required by members but is highly encouraged.

All members are invited to reach out to the mentor group independently.

How It Works

Monthly calls will be scheduled by the mentor and mentee. Meetings should be flexible to accommodate both participant's schedules. While there are no required agendas for meetings, mentors and mentees should hold each other accountable to meet at least monthly. Meeting platforms (i.e. Zoom) will be decided by each group.

Benefits

- **Network Expansion**
- **Establish Long-Lasting Relationships**
- **Constructive Thinking Sessions**

Program Objective

If you are interested in participating, please communicate with Axel Grossmann, Ph.D.; mentor groups will be assigned at the beginning of the spring semester.

Mentors

Nathan Ashcroft, CPA, CMA
Auditor
Hancock Askew & Co., LLP

Benjamin Brannen
Program Manager
Equifax
