**THE ACCOUNTING  
ASSOCIATION**

*Membership in the Accounting Association is open to any student interested in accounting or business. The purpose of this organization is to acquaint students with the variety of options open to them in the field of accounting. The Accounting Association also provides an opportunity for members to interact with their peers, the accounting faculty, former graduates, and practicing accountants in all sectors—public, private, and not-for-profit. Through its programs, which includes guest speakers, videos, and social activities, members can decide whether a major in accounting is the choice to make. We encourage all students to become a member of the Accounting Association. Dues are \$25.00 per year, and we believe it is a worthwhile investment.*
